

If this is the only online service you have on your holiday park, maybe you need to talk to us

The holiday home market is changing, don't get left behind...

Wireless and WiFi connections are everywhere today, from train stations to coffee shops. So are you prepared for the future on your holiday park?

Why not stay ahead of the game by keeping your customers connected while they stay, with a Wireless network across your park and see how your profits will increase along with your customers.

Park & Marine have transformed the holiday park industry in the UK by providing cost-effective, cutting edge technology to bring the next step in customer satisfaction. Holiday park owners have reaped the benefits of this total Wireless solution providing Wireless internet access, access control systems, security cameras, barrier systems and VoIP.

To find out how a Wireless network at your park can help you expand your business and your profits, and to get a FREE quotation, call us now on 0845 020 4401 or visit us at www.parkandmarine.com

"We would recommend the Park & Marine WiFi solution for any park looking to deliver this type of service to their customers"

Garry Barr - Business Systems Director - The Camping & Caravanning Club
